**ADDENDUM**

1. The Sesay Defence would like to amend paragraph 49 of the 5<sup>th</sup> September 2007 Application for Judicial Review<sup>1</sup> to read as follows:

49. The Sesay Defence therefore requests that the Trial Chamber:

- (i) Quash the Registry's decision to provide \$10,000 per month for an additional counsel and its claw back provision;
- (ii) Order the Registry to provide the Sesay Defence with the same resources provided to the smaller and less complex Taylor case; and
- (iii) Order an expedited exchange of pleadings on this Application. The Sesay Defence also respectfully requests an expedited decision on this Application. In the event that the Trial Chamber sees fit to grant these requests, the Defence wishes to be able to instruct additional Counsel at the earliest opportunity in order to ensure equality of arms at the new trial stage and the Accused's right to an expeditious trial.
